Chilocco Can Exist Only If...

CHILOCCO, Okla.–If Oklahoma and Kansas congressional backers succeed in having the Chilocco Indian School here funded for fiscal year 1981. a proposed budget for the school under a new cost analysis released recently would be $1,130,000.

Per pupil cost under the proposed budget would be $5,790.

Total congressional appropriation toward the fiscal 1981 budget would be $800,000, plus total non-congressional resources of $335,000 for the total budget of $1,335,-000.

Those were part of the figures given recently to a representative of U.S. Sen. David Boren, Rob Pyron, in a meeting among Pyron, Chilocco Supt. C. O. Tillman and chairman of five northern Oklahoma Indian tribes.

Similar cost anaylysis figures and program reviews were also given to U.S. Rep. Glenn English of the Oklahoma Sixth District which includes Chilocco.

Copies of the analysis also have been forwarded to Kansas Sens. Bob Dole and Nancy Kassebaum and U.S. Rep. Bob Whittaker of the Fifth District which adjoins the Chilocco reserve.

Boren and English will use the figures in an effort to add a line item to the 1981 federal budget to fund Chilocco another year under the $5,790 per-pupil cost program.

The non-congressional resources in the 1981 budget include oil rents and royalties, grain and livestock sales and hay sales.

The analysis firm of Wilson, Dritch and Burger of Tulsa is recommending Chilocco close its 9-hole golf course and convert that land to agricultural use, and that material available for construction of new greens be used as repair material for campus roads. This would give students training on heavy equipment, not only on road repairs, but also on clearing and terracing farm and ranch land, they said.

Sale of all horses, sheep and buffalo is recommended since "cost of maintaining those animals is high and they serve no useful purpose." Chilocco acquired four buffalo during the Bicentennial year.

Costs would also be reduced by allowing students to earn money for clothing, transportation and recreation for themselves rather that receiving those from the school.

Recruiting of additional students, staff attitude, vocational skills, academic instruction, discipline and costs consciousness also were covered.

Sen. Boren's office was advised that student costs in 1978-79 were $13,490 each and $12,099 for 1979-80, and would be only $5,790 in fiscal 1981.

Proposed staffing and salary schedules for fiscal 1981 would total $751,570 net salary after furlough and fringe benefits, the analysists said.

Rep. English told Chilocco officials he plans to make a personal tour and inspection of Chilocco during the congressional Easter recess. Boren's aide Pyron visited several areas while on the Chilocco campus.

Chilocco Welcomes New Students

The following list of 36 boys and girls represents new students that have enrolled for the second semester. It seems odd that the pressure to close Chilocco didn't deter these new faces from coming here. The JOURNAL staff welcomes these students and firmly believes that with a little recruiting from the school that we could have doubled the enrollment of new students. We are nearing an enrollment of 200 students which indicates that their still is a definite need for Chilocco. Listed below are the new faces on the Chilocco campus:

Richard Bugg, Leonard Gorman, Manuel Charley, Terry Cloud, Louis Dismuke, Michael Johnson, Virgil Jones, Darryl King, Andy Merrick, Quentin Merrick, Robert North, Leland Thompson, Rick Wolfname, James Beaudreau, James Hart, and Leon La-Deaux,

Sherri Dudley, Michelle Franklin, Charlene Kingbird, Karen Kingbird, Gail May, Wilberta Means, Ramona Moore, Geraldine Porcupine, Marletta Red Cloud, Julia Sago, Cora Sago, Carolyn Steeprock, Jewel Jefferson, Linda Willis, Sherri Graves, Edna Robinson, Lou Ellen Moore, Antionette La Dreaux, Faith Wilson and Karen Goodteacher.

ART HILL WINNER OF RECENT CONTEST

WHERE ARE THEY NOW . . .

Karen Edmonds, Class of '67 lives in Anadarko, Oklahoma.

Mary Campa Perosi, Class of '68 also lives in Anadarko, Oklahoma.

Joshua Porter, Class of '33 lives in Phoenix, Arizona.

Arthur Hill won the two-dollar bill for bringing Mr. Sim McCarty a picture of the "Chilocco Seal." He found it on the student checks.

Mr. McCarty still has another two-dollar bill for the first student who can answer the following:

The Chilocco trades students have contributed to the construction of all the buildings on the campus, except for two. Which two buildings were they?

CONTEST OPENS MONDAY, FEBRUARY 4, 1980.

FORMER NATIONAL GUARD COMPANY PLANS REUNION

A meeting was held Tuesday Jan. 15, 1980 at the Chilocco Mens Club, plans were discussed as to the possibility of a reunion of the "famed" Charlie Company, of the Oklahoma National Guard unit formerly located at Chilocco persides.

Plans were discussed as to the feasability of having a reunion of the members of the National Guard unit that had been located at Chilocco. This National Gaurd unit has had an outstanding record both during war time and during peace time. The unit has changed designation many times but the personnel has always been perdominantly made up of Chilocco staff and the students from the school.

The Chilocco company was called to active duty in September 1940 as Company C, 180th Infantry, 45th Division. The record established by the Company C during combat World War II probably will never be surpassed. One member was awarded the Congressional Medal Of Honor, the highest award made by the United States Goverment. After the war, Chilocco became Company C, 279th Infantry, 45th Division. Again the Chilocco company entered active duty at the onset of the Korean war in September 1950. The company was comprised of the Chilocco Staff members and students from Chilocco.

After the return of the 45th Division in 1954 Oklahoma military control. The Chilocco company became known as "Charlie" of the 179th Infantry. Again the company was an outstanding unit and recieved many honors. The unit also became famous for it's mascot "Charlie", but which is actually another story and a page in Chilocco's history.

Finally in a political move in 1966 the National Guard Company was reduced to a platoon size organization and eventually phased out of action.

RULER: Uranus
FLOWERS: Primrose, Carnation
COLOR: Electric Blue
STONE: Opal
METAL: Uranium

This month, count to ten (or Higher) before making any decisions. You might feel tempted to dump old buddies, switch jobs, even drop out of school. DON't! A loving soul is waiting somewhere. He or she may be just what you need to help you over the rough spot. Making the most of your looks should boost morale!

PISCES (Feb. 19-Mar. 20): Chalk this up as a lucky month-for love, friendship, even extra money! But luck can be spoiled by carelessness, and being lazy, so be sure not to throw away your good fortune. From midmonth on there is a special glow around you. Play up your best points: Charm and imagination.

ARIES (Mar. 21-Apr. 20): Before you jump into an argument, try to put yourself into the other's shoes. That goes particularly for THE special person! A would-be light could turn into a productive rap session.

TAURUS (Apr. 21-May 20): Hang loose this month. You may be shaken up by some friends who are not as conservative as you. Remember, a more flexible attitude can pay dividends for a lifetime.

GEMINI (May 21-June 20): Lots of comings and goings (friends, parties, evan a mini-trip) during the first part of the month. Make sure, though, that you don't neglect schoolwork AND home chores or you may be sorry later. Keep appointments!

CANCER (June 21-July 20): The mid-winter blahs could be lurking! Take action! You need enough sleep for stamina, but do plan some physical activity too. After mid-month a romantic turnaround.

LEO (July 21-Aug. 21): Anything goes this month-except boredom. An old love may break up, and a new one pop up before you know it! Your brain should tick at a fast pace. Use it to write a short story, solve those math problems.

VIRGO (Aug. 22-Sept. 22): Get your reading assignments and essays done during the first half of the month. Thinkwork may be tougher later. Don't be gloomy though. "Authority figures"-parents, teachers, etc., all-seem to be in a good mood. Go along with them-and shine! Romance is a rocky road!

LIBRA (Sept. 23-Oct. 22): Your moods could swing around now-and Librans don't like things out of whack. Be calm and rational! An old flame may flicker up again., but don't count on its lasting. There will be others soon! Creativity is high-paint, write, or make those good ideas solid.

SCORPIO (Oct. 23-Nov. 22): Whatever you do (and you'll do plenty) think of the other guy. Other people have feelings, too., and they bruise more easily than you. You should be ina very up mood, ad full of your own ideas. But get your facts straight before you plunge into action!

SAGITTARIUS (Nov. 23-Dec. 20): This should turn into a fun month-easy for studying too. (How lucky can you get!) sit back quietly sometime, though, and think where you really want to be going. Time is on your side. Keep your Romantic life strictly on the level. Even a little white tie could turn into a big black monster!

CAPRICORN (Dec. 21-Jan. 19): Stay cool, and don't shoot from the hip., especially wher your feelings are concerned! People close to you may act up., but month -'s end should bring a big relief!

TO BE AN INDIAN

An Indian is curious at times, but in a sense they are to be regarded suspiciously. To be an Indian is to be at times, revolutionary.

To be an Indian is to be proud of their ancestors, proud of one's culture, people and brotherhood. But he is also oppressed and exploited, wronged and dispossessed in slum, ghetto, on every reservation, for countless generations.

The trouble with American Indians today is simply that they are living in a backward world all their own. Although they may drive a 1970 car, they are not up in the world. We need to get ahead in this day of the space age and to get ahead with better education. We all want to be respected instead of looked down upon and called ignorant savages. The majority on the reservation are still living in the years of their ancestors.

The American Indian must break out of this sheet which he has trapped himself in, and face the world. The American Indian is too content with living under the whites and I think this is wrong. The Indian must come out from his hiding, under his shell, and show himself. He must rise up and be proud of his heritage and be proud to have been born a True American.

POETRY CORNER

Indian Boy

I look and see an Indian boy
An Indian boy in braids,
An Indian boy in buckskin,
An Indian boy with bow and arrow.

I look again. I see an Indian boy
An Indian boy in blue jeans.
An an Indian boy with short hair,
Today's Indian boy with eyes aglow.

MISS BETSY WILLIAMS LEAVES TO CONTINUE HER EDUCATION

We are sorry to lose Miss Betsy Williams, Resource Room teacher, but wish her great success in her new career. Miss Williams has returned to Albuquerque, New Mexico, to complete her doctorate degree at the University of New Mexico. The students and staff will miss her. Miss Williams not only served as a Resource Room teacher but also as an educational diagnostician.

STUDENT OF THE MONTH

Summer Shemayme is a 17 year old Kiowa-Caddo and Sac-Fox from Oklahoma City, Okla. She is also a senior. She is under the sign of Aquarious. She stands 5'3" and has brown hair to match her brown eyes. Her favorite food is french fries and she likes a Coke to drink with her meal. Her favorite Group is "Styx" and her favorite song is "Remember, Walking in the Sand" and her comment on Chilocco was "It's alright." She plans to attend college after graduation in May of 1980. GOOD LUCK SUMMER!

I AM A SENIOR

"I am a hero of the day.
I can do just as I say; I'm a
Senior!'
Exams? O, don't be sill.
Of these I've had my fill; I'm a
Senior.
I can make or cut a class
Court most any Freshman lass,
'Cause I'm a Senior!
If with my prof I disagree,
